Severe Weather:

If severe weather strikes during a Wilmot Raceway event, here is some important information. Wilmot Raceway does not provide adequate protection from extremely high winds, tornadoes or lightning. Personal protection is everyone's responsibility. Be proactive and know your plan should severe weather strike. Plan in advance what you, your family and friends will do if severe weather approaches. Monitor the weather closely and take necessary precautions to ensure your safety. The American Red Cross recommends that if you are caught outdoors and cannot quickly access a shelter, it is best to get into a vehicle and buckle your seat belt until you are able to get to the closest shelter. Wilmot Raceway will provide information on weather related events through the public address system.

Smoking:

The Wilmot Raceway adheres to the Wisconsin state law regarding smoking safety: please take note of all posted signs that there is NO SMOKING allowed within the Raceway except in designated areas. The designated area for smoking is clearly marked and has disposal

containers for the disposal of used smoking materials. In addition, included in this restriction are Vapor units and Vaping. As we have many young people and children as guests, please adhere to this policy while visiting so everyone can enjoy a safe and fun atmosphere. Wisconsin state law prohibits smoking in the Grandstands.
